

I am **Dolmaya Tamang** from Kavrepalanchowk. It is a small village not far from Kathmandu but very underdeveloped. I was born in 1993 and came to Kinderhouse together with my brother Om 1996. I do not remember anything before joining Kinderhouse family. After

I finished school and college education I went back to the village where I was born. The villagers told me that my mother run away when I was a baby and my father is a hard drinker. They never cared us. If the people in village had not helped us then I don't know where I would be now.

Today I feel very proud of myself to be a teacher. I teach in the same school where I studied. I am a Grade Teacher of class 2. I teach Compulsory English and Science subjects

to students in primary level education. I am now an independent girl and I have learned to stand on my own feet. I am happy with that what I am today. Thanks!

*Hallo! I am **Rita Khatri**. My father brought me do Kinder House after my mother passed away. My home village is in Dolakha. I think I was 4 years old when I came. Kinder House provided me everything what is needed to bring up a*

child, school education, shelter, food and great emotional support. I completed my under graduate studies in Major English. I am currently working as a teacher in Alkapuri School. It is close to my rented flat what I share with my brother, sister in law and their children. I also teach private tuition classes after I finish my daily duties in school. It is a great way of making extra money in free time. I am what I am today because of Kinder House. Words are not enough to thank my Kinder House Family, Lydia mama and all the donors. I regularly go to Kinder House during

festivals and anytime I need support. It is nice to have a home where you can return anytime you need. I thank you all!
