

STORY OF MY LIFE

Urmila Kunwar 22 years old September 2019

I am Urmila Kunwar. Right now I live in Budhanilkantha. There are 4 members in my family, I myself, my mother and 2 younger sisters. Pramila and Sujata are my younger sisters. My mother's name is Maiya Rana Magar Kunwar.

Many years back our family condition was not good. Our father was alcoholic. He used to sell our properties for alcohol. My father expired because of alcoholism. My mother used to work in local rice mill. There where no roof to stay for us and the situation was very difficult. We 3 sisters had no names. Our mother is deaf mute. That is the reason why we got no names. Lydia mama and Laxmi heard from Kinderhouse neighbours about our problem and they tried to find us. Finally we met together and they found us in a very bad situation. Our mother was completely drunk. So, it was very difficult to make a decision. They decided to return another time. After they came again in our village, they took us all in Kinderhouse. They gave our mother some work to earn money. But after some days there were problems connected to alcohol. She could not manage the job in Kinderhouse and she left. We 3 sisters stayed and got beautiful names from Laxmi (Sujata, Pramila and Urmila).

When I came to Kinderhouse I was 4 years old. My middle sister (Pramila) was 3 years and younger sister (Sujata) was 2 years old. After we came in Kinderhouse we got such a beautiful family. We got love, affection and care. We got good facilities like food, clothes, education and health care. After some years I could not continue my study because of a kidney problems. Kinderhouse provided me health service and I got operation. After that I started my studies again. I completed my SLC in 2015. After that, I joined my +2 (Ganesh Higher Secondary School). I studied education in major English. After 2 years, I completed my +2 and started my job after I completed my +2. I did volunteer job for some months in the B.M.C.A. school where I was before as a student. Now I teach in B.M.C.A. as a grade teacher of L.K.G. and parallel I do my Bachelor in Education.

My middle sister (Pramila) completed her SLC in 2014 and started studies in medical line (Yeti Health Science Academy). After she completed her study she got a job in Clinic as a Radiographer. Now she is working in Chirayu Hospital in Basundhara. My youngest sister (Sujata) completed her SLC in 2016 and started +2 in management. At the same time she worked as a volunter in B.M.C.A. At the moment she studies for her Bachelor in Education to become a regular teacher.

Since one year we live together with our mother in rented house. She works now in Kinderhouse as a farmer and is not drinking alcohol anymore. We learned how to be independent. All our educations where provided by Kinderhouse. Our childhood was great. Kinderhouse gave us a bright future.

Thank you Laxmi mother, BB father and Lydia mama for love, care and affection.
